The Cougars will field teams at every age group level to play in 2 summer tournaments:

- Cost includes additional Bay Area Elite League summer series with games against select Norcal clubs.
- Cost also includes tournament entry fees, coaches stipend, jerseys and socks.
- There will be a team selection process conducted by the Cougar coaches. Multiple teams will be formed where possible based on skill and age levels. See web site for complete team selection details.
- Please email Chris Hathaway at chathaway@icecenter.net to register for team selection.

1 TOURNAMENT OPTION: maybe you can only play in 1 of the 2 tournaments? No problem - you pick the tournament that works for you. This does include entry fee, coaches stipend, jersey and socks. **COST: \$399.99**

The Cougars will form Summer Tournament Teams at every age group. All age-eligible players are encouraged to register for this opportunity to play in two tournaments as well as in the new Bay Area Elite League. There will be a practice or game per week for each team. We anticipate we may have more than one team at certain, if not all, age groups, so we welcome all players to register for team selection. The cost of \$699.99 includes all tournament entry fees, coaches stipend and expenses, jerseys and socks and the entry into the Bay Area Elite Summer League. It does not include personal travel, room or board.

The Cougars will now offer a full summer program that includes participation in multiple tournaments and practices throughout most of the summer. We are also offering Pre-Camps for every age level in the weeks prior to tryouts, where players can hone their skills in preparation for tryout week. Dates for the Pre-Camps will be announced as soon as Norcal establishes the tryout schedule.
